

HOW TO CHOOSE THE RIGHT BUOYANCY JACKET

There are three type of buoyancy jackets

(1) Jacket Style Inflation

(2) Back Inflation

(3) Jacket/Back Inflation

The other basic differentiation in the Buoyancy Jackets is that there exist some models manufactured especially for ladies, due to mainly the corp of the ladies eg. breast but also the design.

NOTES:

- **The sizes usually range from XS to XL; however, there are some models that have even smaller sizes and also bigger.**
- **Not every size is the same from model to model, therefore it is better to try the Buoyancy Jacket before you buy it.**
